Services held at 1102 S 21st St., Co Spgs, CO 80904, every Sunday at 10:30am.

A new way to shop for technology and training.

Introducing a new way to shop for technology.
Handtech.com offers the same selection and prices as the largest electronic superstores - with a difference. The difference is me, your Handtech.com Technology Consultant. I will personally take the time to ensure that you get exactly what you want and everything you need to be more comfortable using the newest technology.

Personal service is the key.
Imagine having someone available to provide you with personal assistance through the entire computer-buying process. Better yet, the personalized service doesn't end after the sale. I will be there to help you determine which products make the most sense for your needs, as long as you want. As a Handtech.com Technology Consultant, I'm dedicated to helping you make the most of your PC and the Internet.

The best in service AND selection.
Our PCs and accessories sell for the same prices, or less, than you'd find at the local superstores. And, my Handtech.com online store offers over 15,000 computer products, peripherals and software titles. Just about everything you'll ever need, all in one place. So, even if you are Tech savvy, Handtech.com is still a great way to buy computer products.

Call me and see for yourself.
Handtech.com is structured to deliver the full potential of PC, Internet and related technologies into the hands of anyone and everyone. Call me for a free consultation in your home or office. I'll help you make the most of today's technology.

Learn@Hand Online Training.
Learn at your own pace, on your own computer - over the Internet. Basic to advanced course packs are available at incredibly low prices!

Pikes Peak Gay & Lesbian Community Center

125 N. Parkside
Colorado Springs, CO 80909
719-471-4429. fax 719-578-5049

Our Mission

"To create a sense of community and to promote acceptance and understanding among lesbians, gay men, bisexual, and transgendered people, and the community-at-large."

How do we do this? By providing social and support activities for our community, including health, safety and legal forums/workshops. By providing a logical,consistent voice to the media and the greater community. By being "out" with everything we do here in Colorado Springs and educating our friends & neighbors. With all the local and national issues facing us, PPGLCC strives to inform and educate our community.

Our History

The Pikes Peak Gay and Lesbian Community Center was incorporated as a non-profit 501(c)3 organization in 1982, making it one of the oldest gay organizations in Colorado Springs.

The following is a list of the current major projects of the Pikes Peak Gay and Lesbian Community Center. The PPGLCC Board of Directors is always looking for volunteers to join them in providing ways to serve the Gay, Lesbian, Bisexual and Transgendered community in the Pikes Peak Region. For more information on any of these programs please call 471-4429.

Helpline 719-471-4429 (4GAY)

The Helpline is a voice messaging system that includes the current calendar of events (press 2); contact information(press 3); and information on support and services(press 4). PPGLCC's Helpline is not a crisis line. However, we may be able to direct a caller to an agency that might be better suited to the caller's needs. Prerecorded information includes contact information for local

Volunteer Today!

Your community needs your help!

organizations, bars, support organizations, crisis numbers, and a calendar of local events. The Helpline can also be used as a way of getting information out to the community.

Adopt-a-Highway Program

PPGLCC has been a part of the state's Adopt-a-Highway Program since January 1993. Individuals get together on the second Saturday morning of each month to clean up a stretch of Highway 24.

Community Vision Newsletter

The Community Center's Newsletter "Community Vision" is published monthly and will be mailed to anyone who wants to receive it. Advertising space is available for profit and non-profit businesses. The center's mailing list is never given or sold to any person or organization outside of the Center's scope.

NetCoRe (Network Community Resource)

NetCoRe is a social network organization for community business owners, leaders and the community-at-large. NetCoRe publishes a directory of gay and gay-friendly businesses and promotes solidarity between business owners in the straight and gay community.

Colorado Springs PrideFest & MusicFest

PPGLCC is the proud sponsor and host of the annual PrideFest and MusicFest. PrideFest has been happening in Colorado Springs since 1991. MusicFest will be in it's 3rd year this year. The main purpose of this event is to provide an avenue for gay, lesbian, bisexual, and transgendered individuals to come together publicly to make the gay community truly visible, for at least one day, to the community-at-large. MusicFest provides an opportunity to showcase local and statewide artists for two nights prior to PrideFest.

Website - www.ppglcc.org

The purpose of this website is to provide information for, to, and about the Gay, Lesbian, Bisexual, and Transgendered community (along with our friends and supporters) in the Pikes Peak region. Coming soon to our website: an interactive calendar and bulletin board.

"This Way Out"

The Pikes Peak Gay & Lesbian Community Center sponsors the radio show "This Way Out" for the Pikes Peak Region. Listen in on KRCC 91.50 FM every Wednesday evening at 6:30pm

Join the Pikes Peak Gay & Lesbian Community Center in Creating Change in Colorado Springs!

SOUTHERN COLORADO AIDS PROJECT

Some of the services we offer include:

- Case Management for HIV+ individuals
- HIV Prevention Programs
- Community Outreach
- AIDS 101 Classes
- Medication Adherence Program

S-CAP's mission is threefold:

•to provide caring, empowering and culturally sensitive services, support and hope to those infected and affected by HIV/AIDS in southern Colorado,

•to deliver effective, research-based prevention programs that target high risk populations within our service area, and

•to educate our communities regarding HIV transmission and other issues pertinent to the elimination of this epidemic.
